## Song of Summer

I hear the voice of summer  
Singing a song of flowers,  
Singing a song of meadows  
Where buttercups spring in showers.  
Her voice is high and lilting  
As summer gets under way  
I think that I shall join her song  
Now that its school for the last day.  
I see the foot of summer  
In every shady lane.  
She leaves deep beds of daisies  
To make her footprints plain.  
I think that I shall gather  
Daisies for a crown,  
And side by side with summer  
Il fly right out of town.

## New Residents

You may have noticed the new residents residing in the courtyard. We have blackbirds nesting in the bushes. The babies are doing well and enjoying being fed the worms and insects from mum and dad. They are now starting to hop out of the nest and jumping around in the bushes and no doubt will soon be flying the nest. They are adorable and lovely to watch.
