

Dear Committee Members

May I take this opportunity to thank the members of the East Lancashire Masonic Charity and Manchester Freemasons for the generous donation of £999.00 in support of a child residing in Manchester. I hope we will continue to have your future support.

Your commitment in donating to our charity enables us to continue providing support for differently able children in your local area and around the UK.

Each year we continue to make a difference to those children and their families who urgently need our services by providing specialist equipment, adapted aids, sensory toys/rooms or a respite break in the charity's respite retreat.

Donations from supporters such as yourselves, allows Crackerjacks Children's Trust grants programme to change the lives of the children and their families for the better.

Once again our sincere thanks for all your efforts and support to Crackerjacks Children's Trust, the charity that supports children with disabilities and their families.

Kind Regards

Amanda Hopkins
